It s been a month s nce I started to wear a male un form

You have a lot to carry

My heart pumped fast
Someth ng s chang ng

You brought the entire series?
I want them to see me as a guy
Here

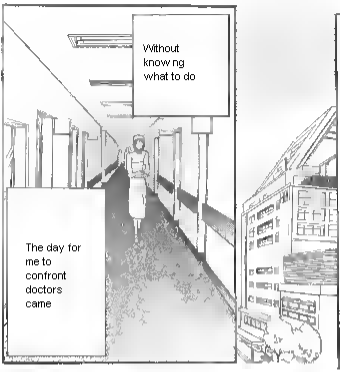
But I don't feel really comfortable being with them
!?

But whenever I not ce that my body s turn ng nto a woman s
I sense reject ng myself
I feel much more comfortable be ng with g rls
Will it ever change
depend ng on how my body changes?
Is that why
Does change of a body
change status of one s mnd too?

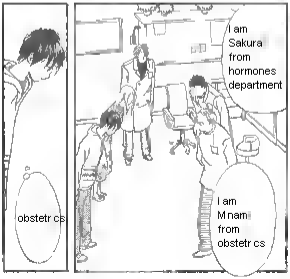
I just want to remain intersexual.



Without know ng what to do
The day for me to confront doctors came

I just want the old days

Hello



I am Sakura from hormones department

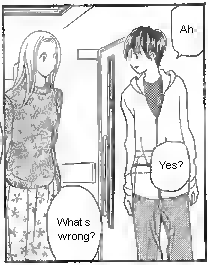
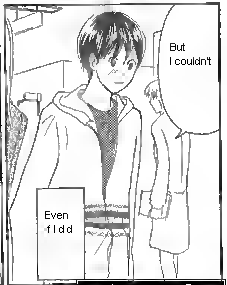
Is to locate what s caus ng the mbalance
The reason for
requ r ng hospital- zat on
And treat n anyway we can
Your growth s f ne
Hosh no Haru n your case.
In other words... you lack gender spec f c hormones
Therefore
Lack of hormones w ll degrade your bones and you w ll age much faster than others
neither a man or a woman
However, you are not matur ng as
t s very very v tal that you let us exma n you
and let us
So that we w ll know how to treat you
Gather as much data as we can

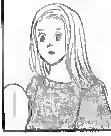
When you were born
You have testicles as well as ovaries.
Your test cles were surg cally removed soon however
At age of 11
It says your per od started
And that s when your second stage growth started
Furthmore, ...mentally a male.
Yes.
At the moment, Hoshino Haru's second-stage growth has slowed down.

Um
If I become hospitalized what kind of treatments will I receive
Do you have any questions?
Haru
We treat such patients with female hormones
In a case of ovaries not functioning properly at a young age
Normal
And results from various examinations allow
it is possible to be treated with male hormones
If
You do not want to be a female
However
side effects for this such as increased sexual desire abnormal muscle growth
However I must warn you that there are many

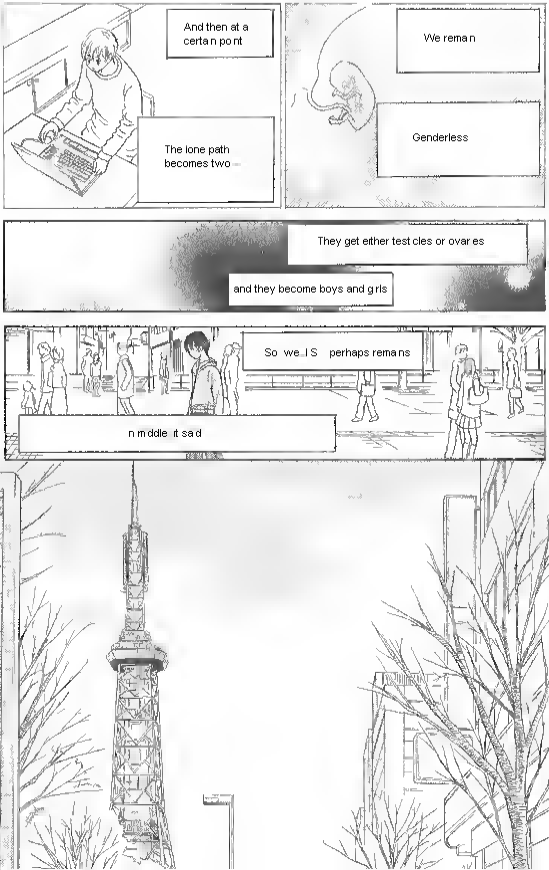
Now
You need and must make a decision soon for your own sake.
What you must realize is that, regardless which path you choose,
But
If you receive female hormones
Your breast will start to grow and will have regular period
We will not reject your decision
You make your decision
and we will treat you.
Haru?



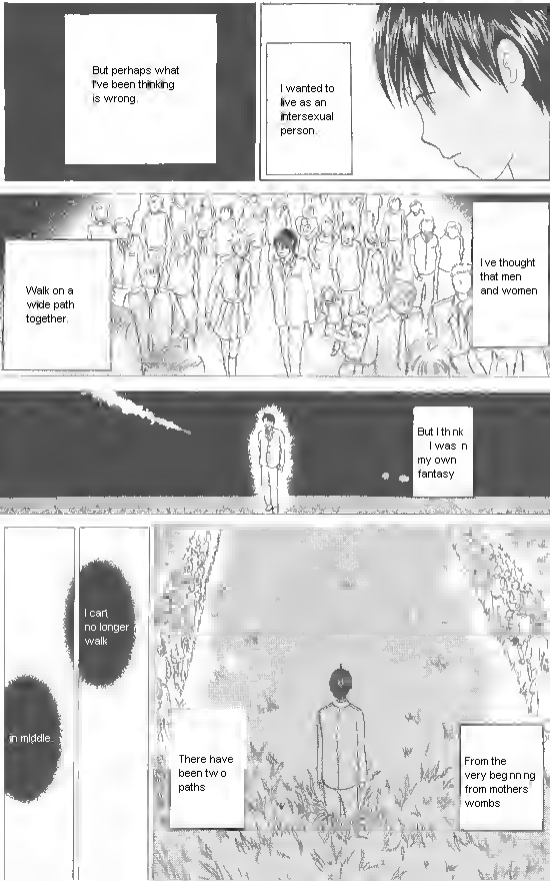




www.jaimes.com



And then at a certain point
The lone path becomes two
We remain
Genderless
They get either testicles or ovaries
and they become boys and girls
So we...IS perhaps remains
in middle it said



But perhaps what I've been thinking is wrong.
I wanted to live as an intersexual person.
Walk on a wide path together.
I've thought that men and women
But I th nk I was n my own fantasy
I can't no longer walk

Sorry

Don't be afra d
I know
Making love with the one you want is wonderful
that it is hard for you not to th nk that way but
The one I love

It s a wonderful way of ensur ng relat onsh ps
Feel ng each other
Hugg ng each other
And a couple w ll raise a child who's born as result of their relationship
That is how our l ves are carr ed one to another generat on
one day
I hope
my ch ldren w ll do the same to the r own ch ldren
It may be hard
but It s well worth it

Haru
but Haru
w ll not be left
alone and end
l fe n dark
May not
lay br dge of

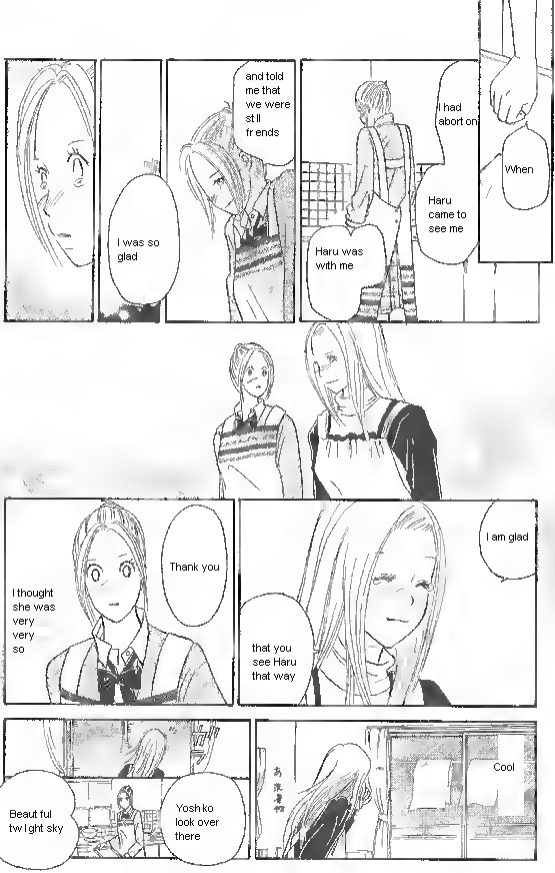
met a conclus on that not everyone has to be the same
We
When Haru was born
our ph losophy
We bel eved that
and to further generat ons
and
to the r own ch ldren
and the r fr ends teachers
our own ch ldren
w ll be passed to
Haru may not be able to br dge l fe
It s st ll poss ble to pass down thoughts

that s why we revealed that Haru was I S from beg nn ng
to even now
So
Haru s so cool
And leave traces of his existence to the world
We want Haru
To l ve impos ngly to h s f nal dem se



When
I had abort on
Haru came to see me
Haru was with me
and told me that we were st ll fr ends
I was so glad

I want Haru who has helped me in many ways
Good for you
to be happy
You look better today
Ah
And
Ibuki Kenji!

I need to talk to you
What?
About what...

You do not want to put burden of being with I S on me ?
You said to her that
Yoshiko told me
And that
You sometimes wonder why you were born so.
you told her.
I felt that
.....

If so... he could well
I heard he quit soccer club to help his family
capable of dragging Haru out of darkness
He was the only one
I felt saddened
What do you mean
by "burden" ?
I was told that
After...

You th nk my l fe would be harder because you are ntersexed ?
If I m nded that I wouldn't even have bothered talking to you even
And I would have not
said I'd wait to someone who's wearing the same gender uniform !
I can
only hope that they will be happy

to reach their goals.
It was their way of life.
alone.
They helped each other
I realized that not everything had to be done
started working at the facility
But
As I
If I hadn't met Haru,
I would still be the same Kenji you used to know,
and I would still be suffering from my own misdeeds

Everyone lacks someth ng
That s why there s the soc ety where people work together
There s no perfect person
A d fferent body
Or females
Males
I
I don't care.

I simply like someone named Hoshino Haru
I....
I....

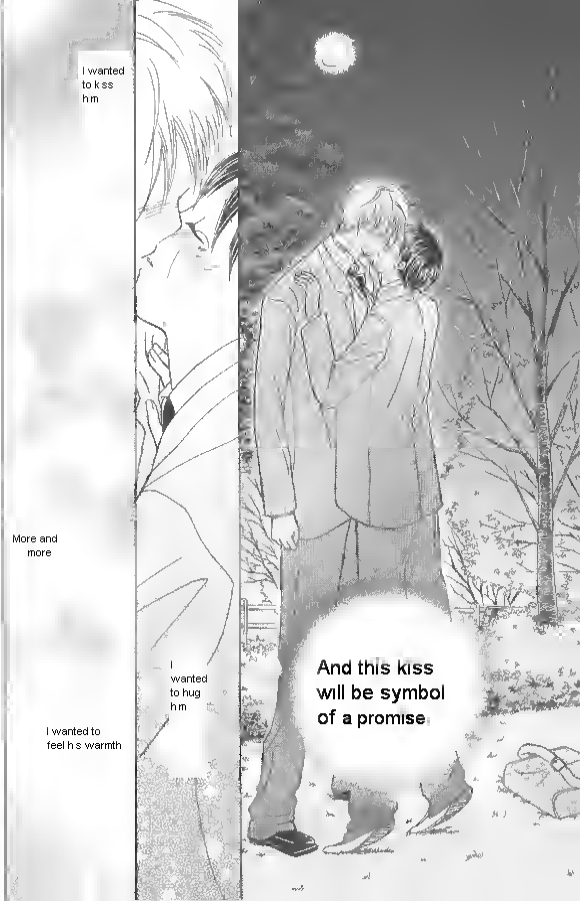
So...
My presence would hurt.... you know..
I was afraid that ...
Uh
Kenji ...
want to... reveal... my body .
and I didn't...
and I didn't also keep h d ng my body either
However
Your body is a g ft
Even though my body may be a g ft I was not able to accept it
And
He says he l kes somebody l ke me

That I made you cry
Sorry
And thank you...



I wanted to kss him
More and more
I wanted to hug him
I wanted to feel his warmth
And this kiss will be symbol of a promise

The kiss will be the symbol of a promise to myself ... that I will not lie to myself anymore...
I don't want to keep cry ng
because I can't be happy r ght now
